

COASTERS TAVERN -FUNCTIONS & VENUE HIRE

If you would like, and to make it a lot easier and save bringing in a laptop or other devices or worrying about WiFi or running cords and cables....

How to Share Photos & Videos for a Media Slideshow via Google Photos: This will make things as easy as possible, we suggest collecting all photos and videos using a Shared Google Photos Album. This allows everyone to upload their favorite memories directly from their phone or computer in **full quality**. Please follow these simple steps to create the album and share it with us.

Step 1: Open Google Photos

1. On your computer: Go to photos.google.com.
2. On your phone or tablet: Open the Google Photos app.
3. Make sure you are signed into your Google (Gmail) account.

Step 2: Create a New Album

1. Click or tap on Albums (located in the left menu on a computer, or the bottom tab on a phone).
2. Select Create album (often represented by a + icon).
3. Add a Title: Give the album a clear name, such as "Alex's 21st Birthday Slideshow".

Step 3: Add Your First Photos

1. Click or tap the Add photos button.
2. Select any photos and videos you already have that you want to include in the slideshow.
3. Once selected, click or tap Add or Done in the top right corner.

Step 4: Share the Album with Us

1. Inside your new album, look for the Share button (usually at the top right, it looks like three connected dots or a person with a + sign).
2. Click or tap Share.
3. Choose Create link (or "Get link") to generate a shareable URL.
4. Click Copy link.
5. Send us this link! You can text it, email it, or message it to us. We will use this link to download all the high-quality photos and videos to load into the slideshow player at the venue.

Please let us know if you would like them played in a specific order, an easy way to do it is rename the photos "A", "B", "C" and so on.

If you have a favourite colour or theme in mind let us know also, or any special messages.

If you need to enter a email to share it with please use: coastersinfo@gmail.com

Step 5: Invite Others to Contribute (Optional)

You can send the exact same link to friends and family. Because it's a shared album, anyone with the link and a Google account can easily add their own photos and videos to the collection!

Tip: If you have physical photos, you can use the free "PhotoScan by Google Photos" app on your smartphone to scan them into high-quality digital copies before adding them to the album.

Let us know when you have uploaded all the photos you would like to use, and we can create the slideshow for you.
